

NANA e-News: North Andrews Neighborhood Entryway Signs
03-08-2010, Posted by AK

Resident Members of the North Andrews Neighborhood Association that have been attending monthly neighborhood meetings in 2009, might remember discussions about having better looking entryway signs into our neighborhood.

Well the dream is becoming reality in 2010.

In 2009, the City of Oakland Park spoke at a meeting asking residents which design styles YOU preferred. The neighborhood consensus was a design that closely resembled the City of Oakland Park signs because you like how clean it looked. The wooden signs seemed too flimsy and may need more maintenance... you went with the Strong Bold Clean look.

The City Parks Division says they are installing the signs and then re-visiting the signs to make sure they will be visible.

Just another accomplishment from the NANA team of volunteers, resident members, NANA staff and the city of Oakland Park.

You will soon start to see signs popping up at entry points to each neighborhood represented by the North Andrews Neighborhood Association (Collier Estates, North Andrews Gardens, North Andrews Terrace and Patterson Park).
